Transportation offer available for Section N members' entries, to Sheffield Marking Station.

Ian Stafford, from Durham, Section N has become a member of The National Flying Club this past week and during a discussion with Paul Naum, has offered his help with the transport of members' birds to the Marking Station at Sheffield, in his Gerald transporter.

As The Sportsman is on hold for this year, this is very welcome news for our Section N members, who previously sent via The Sportsman. Many thanks Ian.
